

We have an exchange portal that can be configured by states to be used as a state exchange or could be leveraged by others to set up a private exchange. It enables Individuals, Families, Small Businesses & agents to compare plans and take informed decisions.

1. Enables Individuals, Families, Agents and Small Business to register, compare & buy health insurance
2. Allows configuration of the exchange with products, benefits and premiums
3. Inbuilt eligibility engine to evaluate eligibility rules
4. Allows Customer Service Representatives to service all requests from Individuals, Families, SHOP & agents over phone
5. Integrated with Jasper Reporting Engine to provide operational reports
6. Secure, Scalable and Cloud ready
7. Leverages open source technologies to cut costs
8. Simple and intuitive
